

Geotechnical – CRSXL 170 Spec Sheet

Rig Information

Rig ID	MG64	Carrier	Low Loader
--------	------	---------	------------

Capability		Specification	
Solid Augers	40m	Length - Travelling	11.845m
SPT & Push Tube	Yes	Width	2.45m
Rotary Mud	150m	Height – Mast Raised	11.15m
Sonic Drilling Techniques	100m	Height – Mast Lowered	3.25m
Rock Coring	450m (HQ) 200m (PQ)	Weight Tare	16.2t
Rod Handling System	Yes	Noise Level - working	103 dB
Angled Hole	45° from Vertical (Sonic and Conventional)	Levelling System	2 Hydraulic Legs
